

PROTEST OF CALIFORNIA. PROTEST OF MEN SEVENTY DEAD.
Great Gathering of Prominent Citizens at Metropolitan Temple. Carmen on the Transit Lines in Revolt. Victims of Mine Horror in Colorado.

BY JOSEPH E. BAKER.

SAN FRANCISCO, Nov. 21.—The convention which is in session here today will demonstrate to the people and public men of the East that the people of California are practically united in demanding the exclusion of Chinese from these shores. Public sentiment here remains undivided on this important question, is still militant and insistent against Chinese immigration.

The reasons for excluding it are no less cogent than they were ten years ago. The arguments have lost none of their force. It has been mistakenly deemed in some quarters that sentiment in this State in regard to the Chinese had changed or had become indifferent, because for a decade the people have rested quiescent and secure under the protection of an effective law. There has been no agitation on the subject of late years because there was no need for it. The evils inflicted by Chinese cheap labor did not excite the public mind for the reason that they were guarded against.

But the fight has slumbered only because the danger was not imminent. The gathering in San Francisco will demonstrate that Californians of all classes and shades of political belief are earnestly united in an aggressive demand for the exclusion of the Chinese. Opinion here is solidified and fixed on this question, and it will make itself heard with no uncertain sound.

The note of alarm at the threat to reopen our doors to Mongolian slave labor, with all its criminal adjuncts and debasements, is sounded by the press and public men of all parties. There is not a dissenting voice.

Governor Gage cannot participate in the deliberations of the convention, owing to long standing previous engagements, his enforced absence states the case for the people of California with a clearness and precision that cannot be improved upon. He calls attention to the passage of his first message to the Legislature.

The people of California, from their experience in the past, and in view of their prominent sea-coast position with respect to the parts of the Orient, have reason to dread the immigration of Chinese and Japanese laborers into this State, a fear fully founded and shared in by the American workmen of other States. It is essential, therefore, that American labor shall be protected against competing Mongolian labor. Our tariff laws, while protecting the products of American labor as a support to the exclusion of Chinese and Japanese laborers.

He then points out that the Legislature, pursuant to this suggestion, adopted a joint resolution instructing the Senators and Representatives from California to institute measures leading to a revision of the existing treaties with China and Japan and the passage of laws protecting American labor against the immigration of Oriental laborers. The Governor reiterates the importance of that message and urges upon the convention the necessity of enforcing upon the attention of Congress the suggestion embraced therein.

Here speaks the sentiment of California. It is the dominant idea of the convention and to concrete expression of the thought and hope of the Pacific Coast. In its fulfillment lies the hope and life of a vast section of the Union. It is of vital concern to the entire nation, because labor cannot be divided by a gathering of Oriental laborers here without the turbulent effects being felt throughout the land, and in a measure, the influence being communicated to every class and condition of the Nation.

Called to order.

SAN FRANCISCO, Nov. 21.—Metropolitan Hall is this afternoon the scene of a gathering of California's prominent men, the record of whose acts will go down in history.

The opening of the Chinese Exclusion Convention is an event laden with mighty significance to the people of the Pacific Coast.

Upon the result of their efforts depends in a large measure, the outcome of the fight which will be made in Congress against the measure which they support.

Among the delegates expressed a unanimity and concord of sentiment which augurs for complete success in the transaction of the convention's business. From the south and the north the men who have arrived here bring the one sentiment and the one demand—"The Chinese must be excluded."

Differences.

There may arise differences in the convention as to ways and means, but after a thorough airing of all opinions an open vote will decide all issues. There appears to be no bone of contention which can in the smallest measure be construed as serious.

Adjoining States.

From adjoining States messages have been laid before the convention expressing the single hope that success will reward the deliberations and its actions. Governors, Congressmen and others in high places throughout the West have expressed themselves as in thorough accord with the objects of the gathering.

The Committee.

There will be important committees appointed by the convention. Among these will be one the duty of which will be to frame a memorial to Congress setting forth the views of the gathering on the Chinese question and appealing with force for the re-enactment of the Geary exclusion law with modification, probably with its clauses broadened.

Another question upon which there may be discussion is that as to whether or not the new bill shall be made to include others than Chinese in its restricting clauses. At this time sentiment seems to favor basing the fight on the single proposition of excluding Chinese.

Delegates to the convention began to arrive yesterday afternoon, and today the incoming of the men who make up the elements of peril. If it is used to reduce the accumulation of the lines consolidated, to raise their rates and decrease facilities for shippers and passengers in all their going and coming, the people will be prompt in taking such recourse as is in their power. This will be done in the form of law suits and legislative action. If, however, the railroads in the consolidated lines use their legal powers wisely, I see no reason for them to apprehend any trouble in Iowa.

The Oakland Transit Company has stirred its motormen into open revolt by an order passed last Monday. This order required the front windows of the cars to be kept open during the night and at all times, day or night, when the weather is foggy. This would naturally leave the motormen exposed to the cold winds, the raw fogs and the driving rains which beat in when the cars are in motion. This was equivalent to commanding the men to do their work in all sorts of weather without shelter or protection.

Coming on the heels of another order which the men declared to be brutally insulting, it aroused the fiercest indignation.

Where there had been only mutterings of discontent previously there were explosions of wrath, the men saying they were treated with no more consideration than the dogs. They insisted that the exposure required would inevitably cause much sickness and probably some deaths, to say nothing of the hardships and discomforts it entailed.

A number of the motormen reported at headquarters and registered a "kick" against the new rule, but met with the characteristic answer that if they did not wish to obey the order it was their privilege to resign. In vain the men protested that to obey would endanger their health; that to be compelled to stand all night in front of an open window with the wind and rain beating in upon them would cause rheumatism, pneumonia, coughs, colds and bronchial troubles. The general manager coldly replied that the order was intended to prevent accidents and would have to stand.

It is stated that some of the men have decided to look for other positions rather than risk their health by the exposure. It is pointed out that the new plan makes it extra hard on some cars, owing to the fact that the windows, to be opened at all, must be thrown wide open, as on the Haywards vestibule cars the doors slide to one side instead of being pushed up and down. On a number of the Alameda cars the windows swing on hinges. Thus the whole body of the motorman will be exposed to the elements. Those who have ridden outside in rainy or cold foggy weather will understand what this means.

Although their protests were ignored and treated with contempt, a majority of the men have decided to obey the order and have been running ever since with their windows closed as they have been accustomed to do. Only four men, it is said, have obeyed the order thus far. It is significant that six men on the East Oakland line have had names taken down at the head office when they complained. Probably they will feel the weight of official displeasure later on when the affable manager finds some excuse for dealing with them individually.

But the open and vigorous "kick" of the men has had some effect, as evidenced by a new explanatory order posted yesterday afternoon at the power stations. The last notice is in the nature of an apology. It assures the men that the original order was not posted for the purpose of endangering their health or causing them discomfort, but was devised for their own safety ("and the safety of the cars and passengers. After this touching manifestation of solicitude for their welfare, the men were informed that the original order would be modified so as to allow them to keep the windows closed on "moonlight nights."

The men will have to take the rain and fog or hunt another job. They did not care about the windows being open on moonlight nights, because there are neither storms nor fogs when the moon is shining. It is needless to say the men are still bitter and indignant at their treatment. The first order is as follows:

"Notice to Motormen, Eastern Division.—Hereafter when running at night, which shall be understood to commence when the car lights are ordinarily turned on, the motormen of every car on this division is prohibited running his car with the center window closed.

"All cars provided with a drop window shall be lowered a distance of at least one foot from the top, or in such a manner that the upper part of the sash is entirely below the line of vision.

"All cars having hinged center windows will carry the same hooked up under the roof.

"This order shall be understood to include Haywards cars operated inside the city limits carrying screened head lights, and in case of sliding center windows, which shall be kept fully open.

"In foggy weather all cars of every line must carry the front sash down or fully open whether day or night.

"It is hoped that motormen will understand that this order is for the purpose of avoiding accidents and not for the purpose of placing any unnecessary hardships upon them.

The reason of this change cannot be determined, because if the windows be

hind the motorman were properly curtained and the lights on the outside of the car as shown as they should be, there could be no light reflected on the window in front of the motorman. The system of curtaining the car windows on the Telegraph line has in the past proved satisfactory, but they, too, are compelled being in the Eastern Division, to comply with the new rule. On the Haywards cars the windows have never been properly curtained, and naturally the open window would assist the motorman, but were these windows curtained the change would not be necessary. The majority of the cars on the Haywards line have but one curtain, which is located on the window of the door, while the other two windows on either side are uncovered, thus producing a double reflection on the glass in front of the motorman.

As yet the men have not openly revolted, as many cannot afford to be dropped, but it is rumored that in the near future they will make a move to have things changed.

Why the men are bitter.

The indignation over the open window order is accentuated by the fact that about a week ago the Transit Company posted a notice at the East Oakland power house which reflected on the car men as a body. It was a star that was deeply felt because it could not be resented, not being an order but a commentary on the men and their conduct.

The last paragraph of this notice implied that the car men are individuals below the ordinary run of men. It was a direct slap at their manhood, carrying as it did the broad inference that they were an inferior class. There are men in the employ of the Transit Company of good family and good breeding who felt this insult keenly. Indeed, all the car men felt outraged at such a gratuitous, wholesale reflection on them because of their calling. That this should have been publicly posted as an official estimate of their rating as men hurt their pride and aroused their indignation.

The men of this office was due to the carelessness or oversight of one car crew. Following is the notice as posted in the power house:

"On Saturday night about 11 p. m. a north-bound Fifth avenue car left the transfer point at Fifth avenue and Eleventh street just as an eastbound car on East Eleventh street neared the transfer point with a large number of passengers, who were naturally very angry and made many complimentary allusions regarding the company within the hearing of an official of the company, which, from my own observation, were fully deserved.

"The company is only known by the character or disposition of the men employed, and in this particular instance the company in general was condemned because of the careless indifference of the crew of this Fifth avenue car.

"There is no particular reason why this car should not have waited thirty seconds longer and have taken these passengers to their destination, except that it was a 'turn-in' car, and the crew were probably bent upon getting to the transfer point as fast as electricity could get them there, regardless of the opinion of the public, who were left standing upon a dark street corner.

"The waiting passengers knew nothing as to the car turning into the barn, and, as a matter of fact would have left the car before it reached that point, to my certain knowledge.

"THE CREW OF THIS CAR IS A FAIR EXAMPLE OF SOME OF THE CARELESS AND INDIFFERENT INDIVIDUALS WHO HAVE MISSED THE CALLING, AND WHOSE CASES WILL BE REACHED IN DUE TIME."

This was signed by the division superintendent. The men say they are paid by the hour, and have their hours fixed by the company. If the officials of the company fail to provide proper facilities for the traveling public and make no effort to guard against such a contingency as the one noted, the men say it is unjust to rate them and blame them for the dereliction. Because the company was roundly condemned for its own neglect, the men say they were given a gratuitous abuse. In other words, the company is trying to shift the blame of its own misdeeds to their shoulders, trying to square itself at their expense.

But the trouble is not ended yet.

OAKLAND TRANSIT'S TRIBULATIONS.

This morning the Oakland Transit Company experienced the unpleasant consequence of its refusal to take up the old cable slots in the principal thoroughfares. During the night one of the old iron gates for raising the cable at Eleventh and Washington streets got tilted up in some way—probably from a horse stepping on it. The first Piedmont car to start out in the morning struck the obstruction with a mighty bang. All the windows were shattered and the car itself badly shaken up. In consequence it was run in for repairs after the first trip.

The afternoon car that got off the track at Oak and Thirteenth streets and delayed traffic for about an hour, to the great disgust of a number of people who were compelled to walk down town to get back to their places of business after lunch, to many accidents have occurred on the East Oakland section of the Transit system that timid persons are getting afraid to trust themselves on the cars.

Several days ago Deputy District Attorney W. H. L. Hynes and a friend started to return from Alameda on a Transit car, when the "jitter" gave out. After waiting for a long time they footed it across the bridge, and Mr. Hynes drove to his home in West Oakland in a cab. His friend was compelled to walk to his lodgings in Berkeley. They both say they will ride wheels hereafter.

MEETING IS POSTPONED.

CHICAGO, Nov. 21.—Stockholders of the Chicago, Burlington and Quincy today again postponed their annual meeting until tomorrow. The election of directors and officers in New York recently is said to have been in regular form, and it is expected this action will merely be ratified at tomorrow's meeting.

DENVER, Colo., Nov. 21.—A special train to the Post from Telluride, Colorado, says:

The work of rescuing bodies of miners who were suffocated to death in the Smuggler Union Mine yesterday, was resumed at 9 o'clock this morning. The rescuing parties were unable to work last night owing to the dense volumes of sulphurous gas which penetrated every portion of the eighteen miles of underground workings. It is not expected that all of the bodies will be recovered before midnight tonight and it may be longer. How many bodies remain in the mine is simply a matter of conjecture and the full number of dead will not be known until a complete roster of the employees has been secured and those who escaped accounted for. There may be fifty more bodies in the mine. Twenty bodies have been recovered. It is certain that every man who was imprisoned in the mine is dead; no living being could exist in the awful sulphur fumes for more than a few minutes.

The work of bringing down the bodies of the victims was slow and laborious. The step making it very difficult to carry the bodies. The bodies were placed upon improvised stretchers and then raised upon the shoulders of twelve stalwart miners and brought to the Coroner's office, where they were laid out in rows. From 120 to 300 men were engaged in this work.

Shift bosses Horgelson and Barkley sacrificed their lives in a vain attempt to save the lives of their mine associates. They had ample warning of the fire and could easily have escaped from the tunnel. Instead, they went back into the workings to spread the alarm. They succeeded probably in warning only a very few of the men in the mine before they themselves were overcome by the deadly sulphur fumes.

The Coroner will hold an inquest upon one body of the victim in this case before deemed sufficient to cover all of the casualties.

A large crowd began gathering at the Smuggler Union Mine early this morning, every man volunteering to join the rescue parties. Only the most experienced miners have been chosen for this dangerous work, and up to 9 o'clock these selected were busy making preparations to safeguard themselves in case large bodies of smoke and sulphur gas should be encountered in the workings as the search for the dead progressed. At that hour the first rescue party entered the workings. The men of the victims were married men and several left families. There is already talk of raising a relief fund for the widows and orphans, and it is quite likely that the State at large will be asked to assist the people of Telluride in caring for those who have so suddenly been deprived of their support.

TELLS OF GREAT RAILWAY COMBINE.

NEW YORK, Nov. 21.—Governor-elect Cummings, of Iowa, who is at present in New York, made a statement today of the possible result of joint control of Western railways by the Northern Securities Company. He said:

"I do not believe there will be organized opposition in Iowa to the proposed combination of Western roads. There is a wide difference of opinion in our State as to the result of the consolidation. While it is recognized that the movement places a greater power in a few hands, it is also recognized that it may be to the benefit of the people as well as to their detriment. It is felt that it will eliminate cutting of rates, rebates in large shipments and give steadiness to the transportation charges.

"On the other hand, the consolidation places in the hands of a few men a power that contains

the elements of peril. If it is used to reduce the accumulation of the lines consolidated, to raise their rates and decrease facilities for shippers and passengers in all their going and coming, the people will be prompt in taking such recourse as is in their power. This will be done in the form of law suits and legislative action. If, however, the railroads in the consolidated lines use their legal powers wisely, I see no reason for them to apprehend any trouble in Iowa."

THIRTY THOUSAND BURNED.

LOS ANGELES, Cal., Nov. 21.—In the disastrous wreck that occurred yesterday on the Santa Fe near Needles, the entire mail carried by both trains was destroyed by fire. At least 30,000 letters mailed in this city for the East were destroyed. The east-bound Limited carried 17 pouches of letters and over 300 sacks of packages and papers. No estimate of the amount of mail on the west-bound train is obtainable.

Neither train carried a mail car, the mail being taken on the through baggage cars. No registered mail was lost, none being carried on the Limited train.

The injured trainmen brought to this city soon after midnight remained on the train until this morning, when they were removed to the Sisters' Hospital by Drs. Morrison and Wing. The victims of the disaster taken to the hospital number thirteen. Of these all will probably recover with the exception of R. R. Higgins, conductor of No. 3. He was badly scalded and bruised and is not expected to live. All the seriously injured are trainmen and dining car men. With the exception of slight injuries, the passengers were unhurt.

THE KING'S NEW ORDER

LONDON, Nov. 21.—King Edward has decreed that the thirty British nobles and others who proposed to line their pockets with American and continental gold by the sale of their seats in Westminster Abbey for the coronation ceremonies, by decreeing that, except in official capacity, none but British subjects are to be present. He has decided that the mere fact of any seat being sold disposes both the holder and the nominee from the right of occupying it.

NO KICK FOR THE FRENCHMAN

PARIS, Nov. 21.—Considerable attention has been paid here to the landing of a force of American marines at Colon, particularly in view of Secretary Hay's recent speech. The Patrie published an alleged telegram from New York announcing that the French Consul at Colon has vigorously protested against the American action and that he has called to his government for instructions. Inquiry made in official circles here elicit the fact that nothing is known there of such a protest. The news is discredited and it is pointed out that the United States is perfectly within her ready rights. France has no ground for complaints and does not intend to interfere, except on the pretext of her interests being imperiled by the revolution.

PROTESTED TO THE PRESIDENT.

WASHINGTON, Nov. 21.—A delegation from the Consolidated Petroleum Exchange of New York, consisting of Frank D. Payson, Geo. C. Thomas, Robert M. Jarvis and Mortimer Wagner, president of the exchange, called upon the President today to protest against the further continuation of the war revenue tax upon stock transactions. They presented a brief embodying their objections to the tax, which they say is an especial burden upon "room traders," costing them from \$5,000 to \$50,000 per annum. They contend that the tax is class legislation and a tax upon enterprise and commercial activity. They did not want the President to recommend the repeal of the tax in his message. Mr. Thomas is now making a test case of the question in the courts.

THREW HIMSELF INTO FURNACE.

PITTSBURGH, Pa., Nov. 21.—A few moments after midnight an unknown man threw himself headlong into one of the furnaces at Schenckberger's Mills, Fourteenth and Edna streets. Almost his entire body was roasted beyond identification.

The man was buried head and shoulders in the flames. The lid of the bell caught his left foot, leaving only that from being consumed. He was pulled out by three men, but nearly every part of his body resembled a piece of half cooked meat.

The man was about 35 years of age, medium height, sandy moustache and apparently an American.

GOV. SAVAGE QUALIFIES STORY.

LINCOLN, Neb., Nov. 21.—After consultation with Attorney-General Prout on the advisability of taking action to prevent the consolidation of railroads in Nebraska, Governor Savage qualified his statement made yesterday by saying there is no evidence of a combination in Nebraska. The Governor said:

"Roads are fighting each other for business in this State just as hard as they ever did. This applies to the Union Pacific and the Burlington Roads and all other lines. What is being done in Minnesota in the way of combination or opposition to combinations does not interest us in this State."

KING ALEXANDER SLAPS WIFE'S FACE.

LONDON, Nov. 21.—A special from Dada Pest says a newspaper there asserts that Queen Draga and King Alexander of Serbia recently quarreled and the King slapped the Queen's face. The latter thereupon drank poison but her life was saved by physicians.

TRYING TO BREAK THE STRIKE.

NEW YORK, Nov. 21.—The officials of the New York, New Haven and Hartford Road are striving to break the strike of the switchmen on the Harlem division of the line and express confidence in their ability to do so. Twelve men brought from Boston during the night were put to work today and one of the railroad officials said that 300 men engaged to take the places of the strikers would be at work in the yards within twenty-four hours.

The strikers were in possession today and it was expected they would make some effort to extend the strike.

A large number of strikers assembled on the Willis avenue bridge during the morning and watched the new men at work. The police thought it best to drive the men from the bridge and soon had that structure cleared.

VICTIMS OF THE WRECK

Bodies of Missing Men Found in Pile of Burned Wood

LOS ANGELES, Cal., Nov. 21.—Mystery no longer attaches to the fate of W. H. Higgins and W. C. Williams, brakemen, and Samuel Brown, waiter on the Santa Fe Limited, who were reported in first advice as "missing," the result of yesterday's accident on the Santa Fe. The three men were found today at the scene of the wreck, charred so that recognition almost was impossible. The remains of young Case will be brought to Los Angeles. The other two will, and a last resting place. Needles.

Conductor R. R. Higgins, who was in charge of train No. 3, was conscious at 3 o'clock this afternoon. His bedside was surrounded by his wife and other members of his family. With the exception of Higgins and Williams, the conductor of his train, there are no other persons able to explain why it was the orders that had been disregarded. Engineer Williams is at Needles, himself injured seriously. The other members of their train crew met death in the smash-up.

The postoffice here is deluged with inquiries about mail destroyed. For the benefit of inquirers the postmaster has announced that the mail destroyed comprised collections made between 6:30 A. M. and 5:15 P. M. Tuesday in Los Angeles, destined for the East, and the mail arriving in Los Angeles from the East due on Wednesday afternoon, which left New York Saturday November 20 and Chicago Sunday November 17.

The passengers of the west-bound train, all of whom reached here early today, relate various experiences of a thrilling and unpleasant nature.

Many of them suffered slight cuts and bruises from glass or from the sudden stopping of the train. All agree that the west-bound train was running very fast—probably fifty miles an hour—and the effect of the collision was something terrible. One of the most unusual stories of the wreck is related by E. R. Woodworth of Bushland, Cal. He was slightly run and lamed, but not seriously hurt. Speaking of his experience, Mr. Woodworth said:

"One of the trains was going fifty miles an hour and the other thirty-five when they struck."

WERE GOING TO SCALP INDIANS.

Young Boys Make a Brave Start But Are Soon Routed Up.

Two young boys, James Penton, aged 11, and James Meagher, aged 13, left their homes in San Francisco yesterday morning, equipped with a small arsenal and \$20 taken from young Penton's mother, with the intention of touring Contra Costa county in the search of Indians who they intended to scalp.

Their career as free-booters and scalp takers was short-lived and came to an inglorious end. The rain of yesterday compelled them to return to this city, after having penetrated as far as the foothills.

Detective Shorey accosted them at a Ninth Street lodging house where they had gone to spend the night preparatory to making a fresh start in the morning.

The two young rascals had two rifles, six boxes of ammunition, a dozen boxes of cartridges and \$8 in silver.

The parents of the boys were communicated with and Mrs. Meagher came over and took the trunks home. Young Penton's father is a Deputy County Clerk in San Francisco. He resides at 301 Golden Gate Avenue. Young Meagher resides at 718 McAllister street.

GOVERNOR GAGE ISSUES PROCLAMATION.

SACRAMENTO, Nov. 21.—Governor Gage has caused to be issued the following proclamation:

Executive Department, State of California.—Pursuant to the proclamation of the President of the United States of America, given at the city of Washington, D. C., November 2, 1901, I, Henry T. Gage, as Governor of the State of California, do hereby declare Thursday, the 28th day of November, A. D., 1901, a public holiday of thanksgiving and prayer to the divine and beneficent Ruler upon whose will the safety of our State and the welfare of our people alike depend. It is my wish that all citizens should set their hands and caused the great seal of the State to be hereunto affixed, at the city of Sacramento, this 20th day of November, A. D., 1901.

HENRY T. GAGE, Governor of California.

Attest: C. F. CURRY, Secretary of State.

MULE CAUSED TROUBLE FOR H. A. HUNTER.

H. A. Hunter, a driver working for the Pierce Hardware Company, came to grief by attempting to drive a little boy who picked the animal up on the streets. The mule was liable to be impounded.

Deputy Poundman Hallet, called on Hunter and made a demand for the animal, which was refused.

Hallet swore out a warrant for Hunter charging him with unlawfully withholding the mule. Hunter will be tried December 3rd in the Police Court.

ALCATRAZ MASONRY AFTER A GUARANTY COMPANY.

Alcatraz Hall, Masonic Association, wants to have the United States Fidelity and Guaranty Company pay it \$257.

The defendant went on the bond of J. U. Grant, the contractor, who undertook to erect Alcatraz Masonic Hall on the grounds of the prison. The bond was for \$4,000, and was given as a guaranty that Grant would complete the structure at the contract price of \$16,200, and leave no lien upon it on the part of the "material men or sub-contractors." Grant failed utterly, and before the structure was completed the Alcatraz Masonic Hall Association was compelled to take hold of the work and finish it itself, which it did at a moderate sum beyond the contract price.

This, however, did not prevent evasive liens being filed against the building, which the association was compelled to fight in the courts. This fight was conducted by Attorney C. E. Snook and cost \$527. To recover this the Association went after Grant, but in the meantime the man had gone into bankruptcy. For that reason suit has been brought against the guarantors, the United States Fidelity and Guaranty Company.

THE ORDER OF THE MIDNIGHT SUN.

SEATTLE, Wash., Nov. 21.—The Times will this afternoon print a story confirming in every detail the story of the conspiracy on the part of certain miners to attempt the overthrow of Canadian authority in the Klondike, as published in the San Francisco Call last Saturday. The Times claims to have in its possession a document which is the basis of the "Midnight Sun," the secret society which was organized for the sole purpose of overthrowing the Canadian government in the gold fields.

PANAMA READY FOR ATTACK.

WASHINGTON, Nov. 21.—The Secretary of the Navy has received the following cablegram from Captain Perry, commanding the battleship Iowa, dated Panama, today:

"Everything quiet. No further interference since notification. Transit and communication unobstructed. Colon in possession of Liberals and quiet."

The government at Panama is busy erecting breastworks in the vicinity of the railroad property in the direction of which the Liberal attack is expected.

The Mayor of Panama started in a launch late today to the Canal Company yesterday morning to report the state of affairs to General Allen. Since the Mayor's return to Panama, it has been rumored that he found the General at Chorrera, and that he decided to take his forces back to Panama to land and reinforce the garrison there.

AT HEADQUARTERS.

At the headquarters at the Grand Hotel this morning it was estimated that the attendance would surely amount to between 1,000 and 1,500, and there was talk of reserving not only all the lower floor of Metropolitan Hotel, but a large section of the upper floors.

Several hundred delegates placed their names on the register at headquarters this morning and among them were several dignitaries. Others waited until the opening of the session to have their names entered.

The sectional representation seems to be fairly complete, although the Southern part of California is making an especially brave showing.

GEARY FOR CHAIRMAN.

As to the chairman of the convention, the name of ex-Congressman Thomas J. Geary appeared this morning to have been practically settled upon.

THE PROGRAM.

The program for the day had not been completely mapped out this morning. Hon. J. Geary made a brief conference with the members of the executive committee, and a brief conference was held. Prior to that time it was stated that the convention would be opened by Mayor Phelan with remarks of welcome. It was not thought that there would be any session of the convention, as it is calculated that all the work can be accomplished so as to make adjournment possible by tomorrow evening.

TIE DECORATIONS.

Metropolitan Hall is appropriately decorated. Around all the gallery railings bunting and flags are festooned and here and there the platform is suitably decorated, while overhead float two large bunting and a motto suitable to the occasion.

MAYOR PHELAN.

Shortly after 2 o'clock Mayor James D. Phelan arrived. The delegates each provided with a badge outlining him to a seat on the floor, had been filing in for some time, while interested spectators occupied all the gallery space not otherwise required.

WEATHER FORECAST.

SAN FRANCISCO, Nov. 21.—Weather forecast: San Francisco and vicinity: Clearing this afternoon; fair tonight and Friday; light southerly changing to northerly with Northern California: Clearing this afternoon; fair tonight and Friday; light, easterly. Southern California: Cloudy this afternoon; fair Friday; light, northeast wind.

J. W. DUTTON ANSWERS EX-SHERIFF WHITE.

J. W. Dutton, ex-Deputy Sheriff, has filed an answer to the third amended complaint of ex-Sheriff White, who sues him for \$50, alleged to have been paid to J. B. Fuller by White, because of the defendant's alleged failure to serve summons entrusted to him as a deputy by White. Dutton makes many denials and among them one to the effect that White never paid him the amount in question.

MINISTER GOES INSANE AT SANTA BARBARA.

SANTA BARBARA, Cal., Nov. 21.—Rev. Peter Grant, a prominent resident of this city, was taken charge of by the authorities early today, charged with insanity. When the officers reached his residence at about two o'clock a. m., they had broken furniture and was raving mad.

Rev. Grant has been a resident of Santa Barbara for many years and is well known throughout Southern California. He will be taken to Highlands this afternoon.

BANK OF TROY IS ROBBED BY BURGLARS.

MEMPHIS, Tenn., Nov. 21.—The Bank of Troy, at Troy, Tennessee, was robbed last night. The citizens were aroused and attacked the burglars, who fled, dropping several packages of silver containing about \$1,300, and other valuables. A posse with bloodhounds is in pursuit.

The amount of the loss to the bank is not known, but it is thought to be small.

OAKLAND CLUB IS NOW INCORPORATED.

Articles of the Oakland Club, which organization has been in existence for some time, were filed in the County Clerk's office this morning.

The club is engaged in civic, social, educational and philanthropic work.

ESTATE APPRAISED.

The estate of Mary J. McCutcheon, deceased, has been appraised at \$70,250.

RIDDLED WITH SHOT.

CHICAGO, Nov. 21.—Charles and John Miller, brothers, of Toronto, Canada, were riddled with small shot here today. The former will die. John was seriously wounded.

The shooting was done by Robert Coburn, who thought the men were about to rob his hen roost. John Miller said he and his brother were without money and were merely seeking a lodging in Coburn's barn. Coburn drove four miles to a police station with John Miller unconscious in the bottom of a wagon. The police found the brother two hours later. Coburn was detained by the police.

BODY WAS BURNED IN THE WRECK.

The remains of Miss Blanche Thompson, who lived at 414 Taylor street, Oakland, for eight months and who died here, were burned in the Santa Fe wreck yesterday. The remains were being shipped to Chicago for burial by a friend, Mrs. G. G. Gribben, an Oakland woman, who was accompanying the remains, was slightly injured.

BOXING.

The Acme Athletic Club will give the second of its series of winter boxing contests tomorrow night in the old Exposition building. The object of these contests by the Acme Club is a worthy one and should appeal to every lover of sport and athletic training. The boys who made up the old club and who won fame in all kinds of sports of the field and under path are making a desperate effort to get funds together to put the club in a nice building with a modern gymnasium and modern athletic quarters. They realize that a mistake was made in disorganizing and they are determined to again enter the field of athletics as a club and again place themselves in good athletic standing.

With this object in view Billy Lavigne, an experienced manager of these matters, was engaged to take charge of a series of contests to take place this winter, and the Exposition building was engaged and contracted for to cover all the winter dates. The first contest took place a few weeks ago and was a pronounced success. The club was encouraged greatly, and it is now believed that when the public is made fully aware of the objects of the old club members, when it is learned that the splendid boxing exhibitions given in the Exposition building are for the purpose of helping the Acme name again to the front as an athletic organization instead of a money making venture, more interest and larger receipts will result, and while round shows are enjoyed a worthy cause will be benefited.

The show tomorrow night will have "Young" Gibbs and "Kid" Williams of

lost at 123 pounds should the last named desire it.

When Booth awoke from the knock-out punch administered by Young in the middle of the fourth round he was dazed and believed he had been kidnapped or poisoned. Later, when he regained his senses and realized that he had been put to sleep with a punch, he grew wrathful and loudly voiced his belief in his own superiority and yearned for another contest with his conqueror.

Young did not bear of Booth's outbursts until yesterday, and he wanted neither words nor time in getting down to business. Young's money is in this office; the Reliance Club will give a boxing entertainment December 3, and if Booth is really anxious for another trial of his skill, there is but one thing left for him to do.

THE TURE.

In spite of the wet track and rainy weather, the racing at Emeryville yesterday afternoon was of a high class and a big crowd was in attendance. Sixteen bookmakers hung out their shingles for business, and they got a most severe drizzling from the heavy bettors and public following than the jockeys who rode in the pelting rain. Four well backed fast choices crossed the line first in a row, and Duckey, who won the last race, if he did not place first choice, was surely the heaviest played horse in the race. From 6 to 1 he was persistently backed until at post very little 3 to 1 could be obtained.

Nearly every bookmaker in the ring quit with balances on the wrong side, and some of them reported heavy losses. Johnny Coleman was probably the biggest loser, four thousand dollars being the amount he is said to have paid out to

Autolight is about the best three-year-old now racing in California. In the Temescal Handicap he gave away a ton of weight to older horses and then galloped through the last sixteenth in one of the fastest races ever run here in the mud.

Byron Rose has been working well in the morning hours, but nobody looked for her to run such a race in the mud as she gave us yesterday. She is about as fit as she can be and will be hard to beat in her class.

Tonight the yearlings and two-year-olds belonging to J. Nagle Burk of San Jose will be sold at auction in the Occidental Horse Exchange, 22 Howard street, San Francisco. Some of the yearlings that will be sold tonight are the lot of Crescendo, sire of Little Comedy, and a great race-horse in his day. Crescendo was about the best race horse ever bred in California. The sale will be conducted by Mr. William G. Lanyon, and will be absolutely without reserve.

NEWS NOTES.

A contest of globe trotting by a gentleman of leisure is the newest form of amusement. It is a little too expensive to become popular. L. E. Prince arrived in San Francisco yesterday on a tour of the world for a wager, it is said, of \$50,000. Prince expects to sail tomorrow on a Chinese steamer, and hopes to complete the circuit of the globe in less than sixty days. The sailor had been in Europe for about 30 years of age and is said to be a dashing young fellow of wealthy parentage. He spent last night in the Pacific Union Club, the guest of some members with whom he is acquainted.

The Bay City Athletic Club will hold a boxing entertainment in Mechanics' Pavilion Annex tonight. The principal contest will be between Eddie Hanlon and Jockey Bennett at 105 pounds. The other bouts will be as follows: Bob Thomas vs. Joe Angell, 120 pounds; George Peterson vs. Tom Peters, 140 pounds; Dick Cullen vs. Robbie Johnson, 105 pounds; Joe Hill vs. Jack McDonald, 110 pounds; William Ingham vs. Jim Richards, 140 pounds.

The regular draw for the forty-eight dog open stake which will be decided Sunday at Melrose Coursing Park will take place tonight at 3 Golden Gate avenue, townships. The result of the draw will be published tomorrow in THE TRIBUNE.

If the Stanford stakes of 1903 does not beat all records, it will be no fault of the list of entries, which is the largest one of the best class of recent years. The stake will be decided at Sacramento under the auspices of the State Agricultural Society. It attracted an entry of seventy-three, which is twenty-one more than was entered the year before.

Nevada's University eleven again lost yesterday, but it was a close thing, victory coming in the closing minutes of the last half. The Olympic Club put up a strong game throughout, but were unable to score until Jack Jones made a pretty and accurate 35-yard place kick and scored a goal. Score, 5 to 0.

"Sport Vasco" is a new game that had its birth and calling in South America and Mexico awakened by American ingenuity and enterprise and will soon be tried out in Central Park, across the bay. The game is after the hand-ball style, and is played in a court constructed of brick and cement. A peculiar shaped wicker scoop is attached to the right hand and is used to shoot the ball against the wall instead of the palm of the hand or the fist. By its use the ball is given greater speed, and it requires a quicker eye and faster foot work to keep in the game than the ordinary hand-ball. Experts are used to shoot the ball against the wall and the contests will begin next week.

San Francisco, pennant winners of this year's league games, and Oakland will cross bats this afternoon at Recreation Park, and the series which will close Sunday, will be the last played on the local grounds by Harp's men. They will finish the season at Los Angeles.

THE STORM DOES NOT AFFECT THE DEWEY.

The storm of last night seemed in no way to affect the size of the audience at the Dewey Theater. The players even seemed to be impelled to better work for the purpose of giving the greatest satisfaction to those who had sat at naught the elements in order to witness the production. "The Man of Wars Man" is really one of the strongest plays which has been produced on the Dewey stage and people should avail themselves of the opportunity of witnessing it before it is too late.

FRATERNAL NEWS OF THE WEEK.

Many Interesting Entertainments
Were Given by the Lo-

cal Orders.

At its regular weekly convention last Thursday night, the lodge received one application for membership and conferred the initiatory rank on Strangers Page and Boulet.

The assembled visitors from sister branches in the order were quite numerous representing nearly every grand domain from the frigid borders of the Atlantic to the sun-kissed banks of the Pacific. A large delegation from Liberty Company No. 1, Uniform Rank, under the command of First Lieutenant E. C. Meuller, was present.

When the business of the session had been disposed of, the lodge adjourned to the adjoining hall, where Chief Brother J. H. Olson and his trained assistants, Bros. Gilman, Robert and Lanyrillage stood ready to serve the necessary articles, liquid and otherwise, to refresh the inner man. This was followed by a feast of reason and a flow of wit and humor in which the following participated: Samuels of No. 17, Luth of No. 23, Manson of Oswego, New York, Lieutenant Mueller, Sergeant Steve Antonio, Sir Knights Rodgers, Byron and various others too numerous to mention.

At tonight's convention of No. 104, the esquire and possibly the page rank will be conferred.

Brothers Gans and Ferris, who have recently been made into the Kappa Hospital, are rapidly convalescing.

LIBERTY LODGE.
A degree team has been organized in Liberty Lodge, and under the tutelage of P. C. Geo. Collier, bids fair to rival many of the older teams in this jurisdiction in the near future.

U. R. LIBERTY COMPANY NO. 1.
Armory Hall, No. 42 Twelfth street, on last Friday night presented a most animated appearance, the occasion being the annual entertainment and ball given by No. 11. The spacious hall was comfortably filled by the gallant knights representing in their new uniforms, and accompanied by their sweethearts, their sisters, their daughters, their sweethearts and their friends who are legion.

The festivities began with a brief address by Colonel George Samuels on the aims and objects of the California Kappa Hospital, followed by a recitation by Bro. Ham Coleman of Liberty Lodge No. 35. Brother Curtis, the vocalist of Armory Hall, rendered in his usual humilitarian manner, "The Paved Court of Blue."

The little favorite, Florence Emory, brought the program to a close with her charming vocal specialties. The floor was then cleared and to the music of a military orchestra, the light, fantastic was tripped until the wee sma' hours of morn. A house in the heart of the city of Liberty No. 11. Applications are being received daily and, under the command of Captain Coleman, every Friday evening at Armory Hall, the company, in respect to drilling, has almost reached perfection.

LIVE OAK LODGE.
Live Oak Lodge No. 17, K. of P., held a very enthusiastic meeting Wednesday evening, November 20. Grand Grand Representative made an excellent speech in regard to the endowment rank, which he made clear to the members that it is a desirable and profitable rank.

Remarks were made by Brothers Covey and Paine from Stockton, Bowman, Gould, Sloan and others from Live Oak Lodge.

The committee in charge of the entertainment by Liberty Company, Capt. L. C. Cavassa, assistant floor manager, Col. Geo. Samuels, vocalist, Bro. E. A. Abbott, Major P. O. Kane, Dr. E. A. Byron, Gus Partella.

WOMAN'S RELIEF CORPS.

The most eventful social function given by the Woman's Relief Corps, was the reception rendered to the officers and members of the Woman's Christian Temperance Union on Tuesday afternoon. The white ribboners presented quite a martial appearance as they entered the hall, double file, led by the color bearers of the corps. The president, Mrs. M. J. Coleman, in her usual dignified style, gave them a most cordial welcome. The corps salute was given, the members were seated and the officers escorted to their respective stations on the platform.

The first number on the program was an address by Mrs. McClees, which consisted of a resume of the origin and growth of the W. C. T. U. and a thorough explanation of the entire system as it formerly existed in the United States.

Miss Murrett of Australia, a member of the W. C. T. U. lecture staff, was the guest of honor. She claimed her hearers with her eloquent remarks, and the impressive movement and the religious influence it was creating throughout the world. Mrs. Wheat sang in a most pathetic manner "Ours is the Cause of the World." She responded to the encore with "Will There Be Any Stars in My Crown?"

Every one of the speakers was very sweetly. Mrs. Wells sang her solo very sweetly. Mrs. McVeth, county president of the W. C. T. U., of California, gave a most interesting address. Her remarks were well received. Too much praise cannot be awarded to the officers and members of the corps for their indefatigable efforts to fulfill every obligation for which they stand pledged. No record of this year's work will fill an interesting chapter in the history of the order.

FRATERNAL BROTHERHOOD.

Lodge No. 123, Fraternal Brotherhood, met as usual on Tuesday evening in Woodman Hall. It being the regular business session.

COFFEE COMPLEXION.

Many Ladies Have Poor Complexions From Coffee.

"Coffee caused dark-colored blotches on my face and body. I had been drinking it for a long time, and these blotches gradually appeared, until finally they became permanent and were about as dark as coffee itself."

"I formerly had as fine a complexion as one could wish for."

"When I became convinced that coffee was the cause of my trouble, I changed and took to using Postum Cereal according to directions. I liked it very much, and have since that time used it entirely in place of coffee."

"I am thankful to say I am not nervous any more, as I was when drinking coffee, and my complexion is now as fair and good as when years ago. It is very plain that coffee caused the trouble. Please omit my name from public print, and give the name of this lady can be given by the Postum Cereal Co., Ltd., Battle Creek, Mich."

Most bad complexions are caused by some disturbance of the stomach and coffee is the greatest disturber of digestion known. Almost any woman can have a fair complexion if she will omit coffee and use Postum Food Cereal and nutritious, healthy food in proper quantity. The food coffee furnishes certain parts of the natural grains from the seed that nature uses to rebuild the nervous system, and when that is in good condition one can depend upon a good complexion as well as a general healthy condition of the body.

MASSONIC.

Brooklyn Lodge, No. 25, F. and A. M. of East Oakland, will confer the third degree Tuesday evening, November 20th.

YOUNG LADIES' INSTITUTE.
On Thursday evening last Y. L. I. No. 15 initiated two members and received several applications for membership. During the past week Y. L. I. No. 21, of the pleasure of congratulating two of its members, one being Sister Anne Gillardine, one of the organizers of No. 21, on the marriage of her son Joseph; the other Sister Mary Williams, who on last Saturday afternoon became the bride of Alfred Kirkaldie. Mr. and Mrs. Gillardine and Mr. and Mrs. Kirkaldie have the hearty congratulations of all the members. Their lodge is rapidly gaining in membership.

REBEKAHS.
The session of Oakland Rebekah Lodge, No. 16, I. O. O. F., held on last Saturday evening, was a busy as well as a pleasant one. Several matters of importance were discussed and satisfactorily disposed of. Four new candidates were conducted through the mysteries of the initiatory degree, and one application was received. Initiations and nominations for officers will be made on next Saturday evening.

The lodge charter was ordered dropped out of respect for late Sister P. D. D. Mary Van Wyke. The entertainment which was to have taken place toward the end of last Saturday in December, the second Saturday in December, will be postponed until the next meeting. Visiting Rebekahs will be welcome at all times, Saturday evenings.

DEGREE OF HONOR.
Oak Leaf Lodge, No. 35, A. O. U. W., held a fairly well attended meeting Monday evening. By a unanimous vote of the lodge, it was decided to have a family reunion of the members of Oak Leaf Lodge on Monday evening, December 2. The affair will consist of a literary and musical entertainment, to be followed by a banquet. Members of the lodge will bring their wives and those who are unmarried can bring a lady friend. The affair is bound to be an unqualified success so the committee is composed of the following members: Brothers Anderson, Isaac, Oakes, Greenough and Preston. The sick committee reported that Brother Pedrin and Griffith were on the sick list.

Brother Isaac is writing a poem which will be recited by a lady member of the lodge at the next meeting.

KNIGHTS OF PYTHIAS.
Piedmont Lodge, No. 172, K. of P., held a very interesting business meeting last Monday night. Considerable business of importance was transacted. There will be a very interesting report by some of the members at the next regular meeting.

The election of officers will take place on Monday evening, December 2. The rank of esquire will be conferred on Saturday evening, November 2. Visitors are cordially invited.

COMPANIONS OF THE FOREST.
Pride of the Forest Circle No. 122, I. O. F. met as usual last Thursday evening. Mrs. McClees was chief pro tem, Mrs. Smith being absent. There was a large attendance and a great deal of business to attend to.

Nominations for officers will be next in the circle will have the sofa pillow race on the evening of December 12. All friends are invited.

ODD FELLOWS.
Oakland Lodge No. 118, I. O. O. F., gave the second of its series of entertainments under the auspices of its now well known Committee of Rulers last Tuesday evening, when a dance was held in the hall of the lodge. The affair was very largely attended, but, unlike many purely complimentary dances, there were no more people upon the floor than was consistent with general comfort.

WW. future functions, of as enjoyable a nature as the last two, in prospect. Oakland Lodge can look forward to a renewed interest and an increased membership for the sake of fraternity and of social fellowship is now one of its predominant characteristics.

The dance of last Tuesday evening was in charge of Floor Director C. F. Reuter, assisted by A. A. Williston and J. L. M. Vey. Reception committee, Bro. E. A. Abbott, Bro. O. P. Wells and O. M. Jackson.

At the last session of the lodge, the first nominating committee was made for officers for the ensuing term. It is the hope of the members that, in the selection of officers for the ensuing term, the lodge will have the same zealous service and fidelity that the officers for the term have shown in the discharge of their respective duties.

The second degree will be given to several candidates at the next meeting, to which all Odd Fellows are invited.

HARBOR LODGE.
In spite of the rain there was a fair attendance of members last evening at the regular meeting of Harbor Lodge.

After the routine business, entertaining remarks were made by E. E. Adams, of G. W. J. Paul, P. G. John Crossman and Brother P. S. Rogers. The latter was followed by Bro. Rogers who took place at the next meeting.

MACCAREES.
The entertainment and reception given by Argonaut Tent No. 23, K. O. T. M., to Argonaut Hive, Ladies of the MacCarrees, last Tuesday evening, proved to be a grand success and was largely attended.

The following program was rendered: Orchestra selection; vocal solo, Mrs. Chas. Parker, accompanied by Miss Keck; bandolone solo, by the inventor, Mr. Kinner, and H. Brown; Scotch dance, "Just a Trifle," B. T. McBain, accompanied by Miss Keck; piano selection, from "Norma," Mr. Franke, accompanied by Miss Keck; trombone, cornet, drum and tuba, remarks by State Commandant, Lady Ascelotte.

The floor was then cleared and dancing was kept up until a late hour. Dainty refreshments were served in the banquet room.

The hall was tastefully decorated with palms and potted plants, while the tables were beautifully decorated with chrysanthemums.

Great credit is due the Committee of Arrangements for the decorations and success of the evening's entertainment.

It is the intention of the Tent to give these social evenings once a month.

TRIBE OF BEN HUR.
Oakland Court No. 4, T. B. L. held a literary and social entertainment at the regular meeting on Monday evening, which was followed by a dance.

The program was as follows: Instrumental trio, "Ripple Dance"; recitation, selected; vocal duet, Misses Mabel and Hazel Roberts; song and dance, selected; harp solo, "The Star No. 10"; Elmo M. Forest, cornet duet, selected, Elsie Cahill and Flora Hansen; violin solo, selected.

The Man Who Sold a Girl Into Slavery is in a Close Corner.

In the case of Frank K. Lewis, the 40-year-old degenerate, who placed a 15-year-old girl in a gilded palace of sin, the prosecution today asked for a continuance until November 22 to secure the attendance of a witness from Santa Cruz. Lewis will have to face a felony charge, and has every chance of being put where he will be unable to work further harm to society for many years.

Chief of Police Hodgkins says the coils are slowly tightening around Lewis, who, if the evidence in the hands of the prosecution be true, is one of the greatest miscreants who has been permitted to prey upon society.

Clara Wilson, the procuress, confessed to her part in the shameless transaction this morning, and pleaded guilty to the misdemeanor charge placed against her. The limit of her punishment is six months' imprisonment, together with a fine of \$500.

She will be sentenced tomorrow morning. The women's attorney, Albert Morganstern, appeared late in court and requested that he be allowed to withdraw the woman's plea of guilty. Judge Smith denied the request.

Morganstern then turned to Prosecuting Attorney Leach and said that he was being treated in an unprofessional way, and that his client's inexperience and ignorance in matters of law had been abused in getting her to plead guilty.

The reply that Leach made was effective, both in the matter of professional ethics and the alleged imposition on the woman's innocence.

Sarah McLambill, the 15-year-old girl, who was made the victim of Lewis and the Wilson woman, will be held in the City Prison until she can give her testimony against Lewis.

W. B. JEROME TELLS OF HIS PASSENGER AGENTS WELL
TRIP THROUGH THE PLEASSED WITH THEIR
STATE TREATMENT

Prominent among the members of the Traveling Passenger Agents' party, which for nearly two weeks has been enjoying the delights of a tour through California, are several representatives of the New York Central lines, whose visit here is expected to result in the greatest possible amount of speed for the State. In the forefront of the big railroad advantages that have found it to their advantage to interest travelers in California stand the New York Central lines, says the Chronicle. "No individual road or system of roads has done more to call the attention of people to their respective homes. We expect an unusually large tourist travel to California this winter and also an exceptionally large private car travel and with the knowledge that the members of our party have obtained of the State they will be able to talk intelligently to people who contemplate coming West for the winter months."

"Our trip to California has been made under peculiarly delightful circumstances. When George T. Nicholson, passenger traffic manager of the Santa Fe, heard that we were coming West, he invited us to accompany the traveling passenger agents on their

throughout the country to the beauties of California, its incomparable climate, its varied resources, and the inducements it offers to settlers, and recently the big officials of the New York Central system decided that its interest in California travel was of sufficient importance to justify them in sending a company of their passenger men to see the State for themselves, that they might be enabled to talk of California intelligently to prospective tourists. In the party are W. E. Jerome, general agent of the New York Central lines at Chicago; H. J. Rhein, general Eastern passenger agent of the Lake Shore and Michigan Southern at Buffalo; Joseph L. White, general agent of the Boston & Albany at Boston; L. D. Heuser, general Western passenger agent of the Michigan Central at Chicago, and Milton C. Roth, general Eastern passenger agent of the New York Central and Hudson River Railroad at New York.

"This is the first trip of this gentlemen to this part of the country,"

said Mr. Jerome yesterday in speaking of their visit to California, "and it has not only proved a delightful experience for all the members of our party, but has so filled them with enthusiasm about the State that they will be able to do California full justice in taking up tourist travel to the Coast when they return to their professions."

Took Part in Family Quarrel and
Says He Will Never
Do It Again.

Dr. G. J. Donnelly, residing at 1810 Cass street allowed his chivalry to thrust him into a family quarrel yesterday and now he knows that things were not always what they appear to be.

A negro was apparently quarrelling with a white woman at the corner of Seventh and Wood yesterday afternoon. The cause of the dispute was a

dog. The negro wabig and bursly; the woman light and frail.

After using abusive language toward the white woman, the negro violently took the dog, against the fearful protests of the woman.

This was more than the doctor could stand.

He crossed the street and threatened:

Blanket—Magnificent values in white and colored goods. Blankets—white blanket, at \$5.00 pair—special values at \$3.75 pair; \$4.25, \$5.00, \$5.50 for pair up to finest grade. Blankets—white. A saving of 20 per cent to purchaser.

the negro with annihilation if he touched and a hair of the woman's head.

He was informed that the couple were man and wife.

"Dat lady!" said the negro. "Why dat lady am my wife?"

"Cum on Rube!" said the woman. "Don't be making a public fool out yerself."

The doctor's civility oozed out of the
 ends of his fingers and he departed,
 thinking of what would have been
 the sunny South under similar
 circumstances.
